

DB/C Newsletter

November 2005

News and Comment

It's been a busy month at DB/C Software Company. Anne Riordan has joined us as the new administrator (admin@dbcsoftware.com). She will be handling the administrative functions that Vicki Liszewski has done in the past. Vicki has taken a full-time job with another company, but will continue to be in charge of updating our documentation and web pages when changes are needed.

What's really kept us busy is the fact that DB/C Software Company has gone virtual. The office in Hinsdale is closed. Joe Remes, Anne, Vicki and I will be doing our jobs from home. Sean Neeley, who joined sister company Produce Pro (www.producepro.com) a couple of months ago, will also be available for special projects and bug fixing when Joe and I get overwhelmed.

Amongst all of these changes there wasn't time for an article this month. Hopefully, I'll get back to my Ruby project so I can report on this growing phenomenon in a future newsletter.
